About Hospice Mississauga

Hospice Mississauga is a community-based organization that offers hospice palliative care and bereavement support to individuals and families in Mississauga. As a registered charity, we rely on generous community support for 50% of our funding to ensure we can provide our services at no cost to individuals who need them.

The Need

Last year alone, more than 7,500 individuals in our community were impacted by our care or bereavement support services. The need is only increasing due to population growth, aging, and cancer related illnesses.

70% of those we support have a cancer related illness and most clients are under 60 years of age.

The Impact

Our dedicated team of professionals and trained volunteers walk alongside each client, ensuring that no one journeys through life-limiting illness or loss alone.

"Before my wife was able to get into hospice, most of my time was spent managing her care. When she got into a hospice centre, I felt a huge weight lift off my shoulders knowing she was getting the care she needed 24/7. I finally got to spend time holding her hand and being her husband again."

Hospice Centre Update

While funds from our signature events support our ongoing programs and services, we know there is tremendous excitement about the new Hospice Centre beginning construction in early 2026.

If you, your company, or your community group would like to support this project, please contact giving@hospicemississauga.ca. Your contribution is more than a donation — it is an investment in a community where care, dignity, connection, and choice are accessible to all.
